M Waleed Iqbal

.NET DEVELOPER

Rahim Yar Khan, Pakistan | +92 309 7471 265 | waleediqbal.business@gmail.com | linkedin.com/in/m-waleed-iqbal

PROFILE

Results-driven .NET Developer with hands-on experience across the full web development stack — from responsive front-end interfaces to complex backend systems and database design. Progressed from a front-end trainee to a full-stack .NET developer, building and maintaining production web applications, RESTful APIs, and integrating payment systems. Strong foundation in C#, ASP.NET, and relational databases, with a track record of delivering clean, maintainable, and scalable solutions.

PROFESSIONAL EXPERIENCE

DynamicBits — Rahim Yar Khan, Pakistan

.NET Developer *December 2025 – Present*

- Develop and maintain complex backend systems and database designs for production web applications.
- Build good, responsive user interfaces alongside robust .NET backend logic.
- Own end-to-end feature delivery, from database schema design to API development and UI integration.

Junior .NET Developer *August 2025 – November 2025*

- Developed and maintained backend systems using C# and .NET, working closely with senior developers on production features.
- Designed and optimized database schemas across SQL Server, PostgreSQL, and MySQL.
- Contributed to building responsive, functional user interfaces integrated with backend services.

.NET Developer Intern *June 2025 – July 2025*

- Transitioned into .NET backend development, learning core ASP.NET concepts and backend system design.
- Assisted in designing backend architecture and integrating it with front-end applications.

IT Work Center — Rahim Yar Khan, Pakistan

Trainee — Web Development *December 2024 – May 2025*

- Completed an intensive 6-month training program covering front-end web development fundamentals: HTML, CSS, Bootstrap, and JavaScript.
- Built multiple responsive, cross-browser websites from scratch.
- Progressed into .NET fundamentals, learning backend system design principles.

PROJECTS

Last Moment Tours — *.NET, PostgreSQL, Azure CI/CD*
Web-based tours booking application enabling users to browse and book travel packages, with an automated CI/CD deployment pipeline on Azure.

Get Bike Now — *.NET, PostgreSQL, Azure, CI/CD DevOps*
Bike rental web application handling listings, bookings, and rental management, deployed via an Azure DevOps CI/CD pipeline.

Musafr — *.NET, AI Integration*
AI-powered travel and booking concierge that assists users with trip planning and reservations through an intelligent conversational interface.

Trade360 — *.NET Web App*
Point-of-Sale (POS) system supporting sales transactions, inventory tracking, and reporting for retail businesses.

Level Me Up — *.NET Web App*
Educational web application teaching mathematics to kids through interactive games, aligned with the UK national curriculum.

EDUCATION

BS Computer Science *2022 – Present*
Khwaja Fareed Graduate College, Rahim Yar Khan, Pakistan — CGPA: 3.73 / 4.00

SKILLS

Languages	C#, HTML, CSS, JavaScript
Frameworks	.NET, ASP.NET, Bootstrap, jQuery
Databases	SQL Server, PostgreSQL, MySQL
Tools	Visual Studio 2022, Postman, GitHub, Microsoft Azure
Other	RESTful API Development, Web Application Development, Stripe Payment Integration

LANGUAGES

Urdu (Native) • English (Professional Working Proficiency)
